

## **TABLE GRAPE PRODUCTION MANAGER**

Higher diploma/degree in agriculture or equivalent experience with at least 5 years in an equivalent role required.

The person must be able to manage production managers, budgets and carry out planning independently.

Additional requirements include:

- Knowledge on logistics of table grape production and labour-intensive farming
- Planning work programmes
- Evaluation of productivity and implementation of corrective measures where necessary
- Ability to use own judgement
- Estimate and schedule labour
- Input into costing and budgets
- Management of irrigation programmes, fertilizer programmes, pest control programmes, weed and fungus control
- Harvest estimates
- Forecasting
- Knowledge of farm equipment and machinery and the use thereof
- Supervision of all steps of the production process
- Supervision of a large grape packhouse with 70+ packing stations
- Knowledge of accreditation and export requirements
- Reporting to senior management
- Budget reports
- Supervisory role with training and development of skills

Closing date for applications is 20 April 2020. Please email CV's to [cindy@schoonbee.co.za](mailto:cindy@schoonbee.co.za) or [betsie@schoonbee.co.za](mailto:betsie@schoonbee.co.za)

If you do not hear from us within 6 weeks from the closing date, please consider your application unsuccessful.
